

3i PROJECT BOOSTER SESSION

Inspiration. Ideation. Innovation.

A 3i Project Booster Session is a stand-alone, affordable, refined brainstorming event that can deliver rapid response, creative concepts, and breakthrough solutions.

Your team meets with a Vention team with expertise tailored to your needs for a one-day collaboration focused on a specific topic or challenge. We sort the ideas into solid concepts and rank them in a comprehensive summary report that helps you plan for future development.

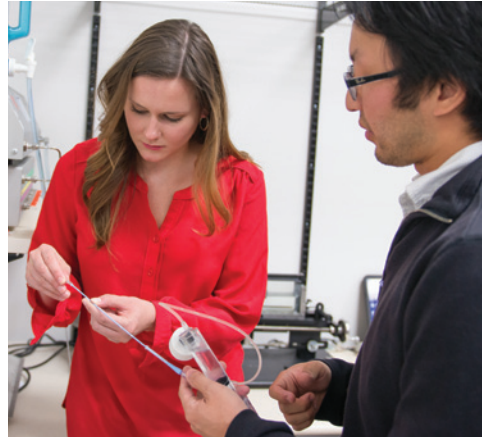

3i Project Booster Sessions may address:

- Design Concept Generation
- Design & Performance Improvements
- Reliability Improvements
- Clinical Approach Definition
